A FEW CHOICE COINS.

1808. Quarter Eagle. Fine. Has a curious, well defined profile on cheek. 12.50.
1887. Quarter Eagle. Brilliant proof. 4.50.
1804. Dime. Practically uncirculated. The faint marks are doubtless due to former owner's attempt to clean and not to circulation, but they are scarcely worth mentioning. Hair-lines are all perfect and sharp. The best specimen of this very rare date I have owned. 125.00.
1802. Half Dime. Worn, but head, stars to right and date are all plain. The 2 is very plain. Reverse, smooth. While not especially handsome, it is by no means the poorest of the less than 20 specimens of this very rare date known. As they usually run, a fair average specimen. 25.00.
1796. Half Cent. Good specimen of this very rare date. Except for trifling roughness, it could be called very good. 20.00.
1808. Half Cent. Only slightest circulation. Glossy light olive. One of the hardest dates to get so choice. 3.50.
1852. Half Cent. One of the very few that got in circulation. Faintest traces only of use. Extremely fine. Chocolate color. Very rare. 15.00.
